I will give her a call tomorrow or she can call me 370--- , no matter what I have going on I never condone in doing bad business. I never anticipated being gone long , I remember this situation vividly I thought I may have had text messages but maybe we talked on the phone ! I went to your page bc I try to put name with faces and I cannot afford to entertain any of it I have a blood pressure that's reaching stroke level today .. my health is more important! Service is very bad on pines Rd , when I got bk I did try reaching her even if she was gone and would have answered I would have told her she would have gotten a discount or something free bc of my mishaps ... I had a big gap between appointments and went out to take care business and it took longer that sums it up anyone that knows me know that I'm gonna try to make

TOPIC: LYNN CONNER JR of the SHREVEPORT PYNK MORTUARY aka PRECIOUS MEMORIES.
If any family has used him he has allegedly taken pictures of your deceased loved one and shared them with others without your knowledge and or permission!!!

How he allegedly tried to pay a minor to report indecent behavior with one of his ex employed high steppers

How he has accused his employees of stealing funds when ... well it's him ... allegedly
